

Mid-Cities Basketball Association Request To "Block" A Team or Coach

Player's Name: _____ League: _____

This is MCBBA's rule 3.5 governing "blocks":

"A player entering the draw may designate two teams (or coaches) to which the player does not wish to be assigned. The player must submit a written explanation for this request before the close of registration. A minimum of three members of the executive board, appointed by the President, will review the request and notify the player if it will be honored prior to the league draw."

Note: A player returning to a league ("moving up" from 1st to 2nd grade in the Rookie League, 3rd to 4th grade in the Junior League, 5th to 6th grade in the Major League, or 7th to 8th grade in the Senior League), and desiring to be placed back into the player draw, need not explain that decision or complete this form. These leagues are typically formed for a two-year player-team relationship. The prior year's team is "blocked" without the need for an explanation. That team counts as one of the two allowed.

This form should be submitted by the end of registration.

My child does not wish to be assigned to these teams (or coaches):

Explanation: _____

Parent/Guardian Signature

Contact Phone No.

Date

Attach this page to the Player Registration Form. It will be detached prior to the player draw and retained by the Association.
